

# VOLKSWAGEN ID. BUZZ CREW CAB

## COMFORT. APPEARANCE. SAFETY.

The Volkswagen ID. Buzz Crew Cab, equipped with the innovative ComPax® partition, proves that comfortable passenger transport and a practical cargo space go perfectly together. Thanks to the spacious and high-quality finished cabin, passengers enjoy ultimate comfort, a premium appearance, and maximum safety.

The lightweight ComPax® partition, up to 50% lighter than traditional solutions has minimal impact on payload capacity and CO<sub>2</sub> emissions.

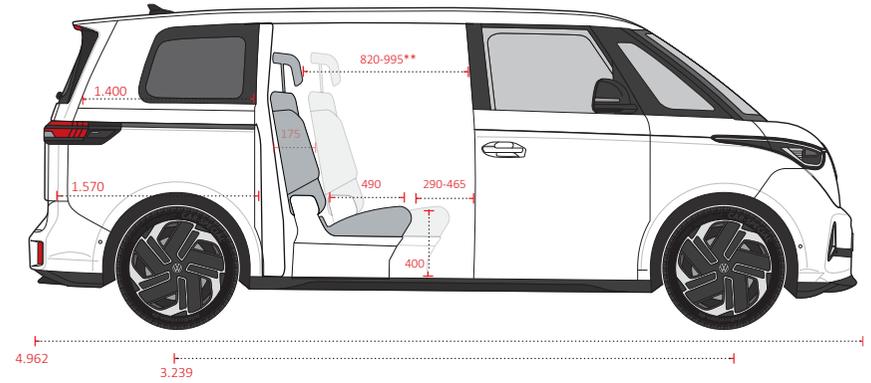

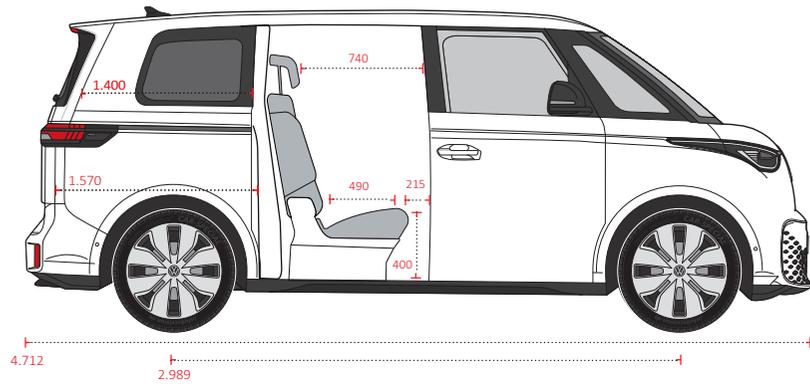

## COMPAX® TECHNOLOGY

The name ComPax® is derived from a combination of “Comfort” and “Impact,” two key principles within Snoeks’ product line. This advanced technology combines a revolutionary production method with innovative, high-quality materials.

The result is a strong, lightweight, and durable product that is highly resistant to UV ageing and fully recyclable at the end of its service life. With ComPax®, Snoeks sets a new standard in comfort, quality, and sustainability.

# DIMENSIONS

	Normal	Long
<b>EXTERIOR</b>	mm	mm
Overall vehicle length	4712	4962
